

Intellectual Virtue: Perspectives from Ethics and Epistemology, 2003, 298 pages, Michael Raymond DePaul, Linda Trinkaus Zagzebski, 0199252734, 9780199252732, Clarendon, 2003

The idea of a virtue has traditionally been important in ethics, but only recently has gained attention as an idea that can explain how we ought to form beliefs as well as how we ought to act. Moral philosophers and epistemologists have different approaches to the idea of intellectual virtue; here, Michael DePaul and Linda Zagzebski bring work from both fields together for the first time to address all of the important issues. It will be required reading for anyone working on either side of the debate.
